

Biotech Clinical Laboratories Technical Bulletin

10/18/22

Effective November 1st 2022 Biotech Clinical Laboratories will discontinue offering the 22 marker Respiratory Complete PCR Panel, test code **3965**.

The Respiratory 4 PCR Panel, test code **6016**, will become our only viral respiratory profile available. This test includes Influenza A, Influenza B, RSV, and COVID-19.

COVID-19 will still be orderable by itself with test code **13995**.

Both tests require viral transport media such as UTM/M4.

For additional information or questions about this change please contact Karim Khalifeh at 248-912-1700 or email karim@biotechclinical.com

Thank you
